

Looking forward to growth again?

We have been quietly preparing for the renewed flow of corporate investment projects, from anywhere to anywhere in the USA or worldwide, through independent relationship development, research, and referral work to introduce leading professional capabilities and useful information sources for the rapid support of project plans.

Our free and confidential service can introduce business location and incentive consultants, area representatives, and other professional services according to your needs at the time.

Rather than push services at you, our role is to develop a working relationship to learn what you need now or in the future, and use our market knowledge and research to introduce potential solutions as a free and independent service.

We do this work for free through the support of top professionals who offer valuable services, but can't easily reach all their potential clients.

Our website is not intended to be a “do it yourself” solution for business location decisions. It just proves that we can help you - personally.

Ready when you are.

- **Project planning services.**
- **Select new business locations anywhere.**
- **Compare the impact of expansion alternatives.**
- **Post-merger planning for business consolidation.**
- **Evaluate current locations against alternatives.**
- **Find relocation services.**
- **Sale of excess facilities.**

Our GUIDE work organizes local knowledge and contacts to meet project planning needs through a globally consistent process. For example :

- Service Profiles highlight the capabilities and specialties of top service providers such as business location and incentive consultants, corporate real estate specialists, financial and tax advisors, engineers, architects, etc.
- Area Profiles highlight what differentiates an area for potential new business investments, with links to local resources and contacts
- Real estate listings highlight major properties, with links to other local listings
- Project Profiles highlight announcements of major business investments in an area
- Testimonials by existing investors address issues of typical interest to potential investors
- HR market profiles share local knowledge
- We can share “lessons learned”, “proven solutions”, and consultant tips from projects
